

March 19, 2020

The following is the latest worship and ministry schedule update:

We are on a regular schedule for Sunday, March 22 - worship at 9am and LIFE Groups at 10:30am. We will have some extra hand sanitizer around the facilities, and we encourage you to use common sense precautions when interacting with others at church.

Also, we encourage those who aren't comfortable being in public gatherings during this time, or if you are sick or have underlying health concerns, please stay home. You can join us on Facebook Live. You can also go to our web page (www.gracepointtalbott.org) to view/download this week's bulletin with announcements, and you can give your tithes and offerings there as well.

During this season of the Coronavirus, a lot of changes are occurring. We are monitoring the situation in our local area, where we remain at low risk. We will make decisions concerning worship services and ministry schedules based on the best information we have and with the greatest concern for our members and our community. We will communicate any changes to our schedule through our email newsletter and social media pages. If you have not signed up for the email newsletter yet, contact Pastor George. Here are a few changes that are happening:

For now, Douglas-Cherokee Free Meals for Seniors will not be meeting at our church. The Meals on Wheels program will continue for Senior Adults. If you or someone you know would like to sign-up for Meals on Wheels, contact Pastor George for more information.

Parent's Day Out will not meet as long as local schools are closed. Also, we are postponing our conference on human trafficking with Street Hope ministry.

With the challenges of these days, we also have great opportunities for ministry. For those who are concerned about getting out in public during this time, we have many volunteers who would be willing to pick up groceries, prescriptions, or any other needed items from local stores. We also have food available through our food pantry, which was started to meet needs during a time of crisis. Contact Rachel Owens or Pastor George if you have any needs at all that we can help with.
